SECTION SIX:

Helpful Online Educational Resources

- **Discovery Education (Power Media Plus)** - This site offers thousands of educational video clips, photos, online lesson plans, and online units of study. The site also offers personalized quizzes or pre-made quizzes based on units of study covered with their online tools. Educational pod casting is available for publishing and locating of educational information.
www.powermediaplus.com
- **Discovery Education**— This site has FREE resources like articles, lesson plans, videos on subjects that students struggle with, teacher tools, project ideas, etc. This site is full to the brim with educational ideas and helpful hints.
<http://discoveryeducation.com>
- **Stossel In The Classroom**—This site features teacher guides and resources produced by John Stossel from the popular 20/20 television show. The resources here deal mostly with economics and politics for students. There are also DVD videos dealing with the same topics available for purchase.
<http://stosselintheclassroom.org>
- **Encarta by MSN**—This site is not just a giant encyclopedia, but it also has a dictionary, an atlas, quizzes, and a homework help section. This site's main attraction is the encyclopedia that has over 42,000 articles total along with photos and videos on just about any subject.
<http://encarta.msn.com>
- **Kids Know It Network**—This site offers mini-lessons on a variety of topics from animals to spelling and everything in between. They also have pod casts and free online videos and educational games for children. The site also offers online tutoring for your students via a real time online whiteboard and a tutor that is matched to your child.
www.kidsknowit.com
- **FunBrain**—This site has lots of educational games for children that boost their understanding of many subjects like grammar and math. There is also a movie section for the children. There is a teacher section that offers an online grade book, a curriculum guide and a homework relief center.
www.funbrain.com
- **Moore's Reminders** — Math help flash cards and helpers.
(901) 405-4588 <http://www.mathhelpcards.com>
- **ABC Teach**—This site is geared for teachers, not the students. This site has printable theme units, puzzles, and lesson plan ideas. The site lets you search by subject and lets you access lots of printable pages and has links to other helpful sites for teachers.
<http://abcteach.com>
- **Five Star Educational**—This site is geared toward students and offers online homework help, online reference materials, educational games, and even a family resource center. There are also project and craft ideas for students.
www.fivestareducational.com/studentlinks.html

"Any place that anyone young can
learn something useful from
someone with experience is an
educational institution."

~Al Capp

If you would like your home school resource listed or if you have a home school resource to share, call (602) 506-3144 or email: veronica.fabela@mcesa.maricopa.gov

Input and suggestions for the resource directory are welcome. This directory has been provided as a tool for homeschool families. As a government agency, the Maricopa County Education Service Agency does not endorse any of the resources listed. Be sure to check out our current newsletter on line: <http://www.maricopa.gov/schools>

We would love to hear from you!
